Creiamo cucine per il benessere delle persone

Il piacere di stare insieme e di essere circondati dalle cose amate sono i valori intorno ai quali si compongono le nostre case. Valori che gli arredi Cesar arricchiscono con il loro stile raffinato. Cucine dove estetica, funzionalità e qualità sono garantite dalla costante ricerca che Cesar svolge con passione da oltre quarant'anni. Cesar oggi significa cucine che nascono dall'intuizione creativa e dall'utilizzo di materiali innovativi, per ambienti sempre accoglienti e belli da vivere.

Making kitchens for People's comfort

The pleasure of spending time with loved ones, surrounded by objects you are fond of is one of the values on which our homes are founded. Values that Cesar's furniture enhances with its refined style. Kitchens in which aesthetics, functionality and quality are guaranteed by the constant research that Cesar has been conducting with passion for over forty years. Today, Cesar is synonymous of kitchens that are the outcome of creative intuition and result from the use of innovative materials for homes that are always cosy and a wonder to live in.

Nous créons des cuisines pour le bien-être des personnes

Le plaisir d'être ensemble et d'être entourés par les choses que l'on aime, telle est la valeur autour de laquelle nous composons nos intérieurs. Une valeur que les meubles Cesar enrichissent avec leur style raffiné. Des cuisines où l'esthétique, la fonctionnalité et la qualité sont garanties par la recherche que Cesar effectue, avec passion et constance, depuis plus de quarante ans. Aujourd'hui, Cesar signifie des cuisines qui naissent de l'intuition créative et de l'utilisation de matériaux innovants pour des intérieurs toujours beaux à vivre et accueillants.

Fineline

Fineline è una linea di attrezzature per interni cassetto e cestone completamente in legno. La suddivisione degli spazi è organizzata secondo una logica orizzontale per minimizzare gli effetti dell'usura e degli eventuali danni che vengono prodotti dalle posate dopo numerosi cicli di chiusura/apertura del cassetto. È inoltre possibile arricchire il prodotto con una serie di pratici accessori opzionali sia per i cassetti che per la dispensa.

Per cassetti e cestoni Legrabox.

Fineline is a line of drawer and jumbo drawer accessories made entirely of wood. The spaces inside the drawer are divided and organised horizontally to minimise wear and possible damage produced by the cutlery after countless opening and closing movements. The product can also be fitted with a set of practical, optional accessories for drawers and for the storage accessory.

For Legrabox drawers and jumbo drawers.

Fineline est une ligne d'accessoires pour aménager l'intérieur des tiroirs et des casseroles, entièrement réalisée en bois. La subdivision des espaces est organisée dans le sens horizontal pour minimiser les effets de l'usure et les dommages éventuels provoqués par les couverts après de très nombreux cycles d'ouverture/fermeture du tiroir. Premiere

Premiere è una collezione di accessori interni disegnata per allestire gli interni della cucina con materiali e linee d'avanguardia. I portaposate della collezione Première sono personalizzabili con divisori che agevolano il contenimento e con accessori aggiuntivi quali tagliere, portacoltelli e portapellicole. Il sistema dispensa in legno verniciato propone invece una serie di fasce elastiche che consentono una maggiore organizzazione dei prodotti all'interno del cestone.

Per cassetti e cestoni Legrabox.

Premiere is a collection of accessories designed to furnish the inside of kitchen cabinets with cutting-edge materials and lines. The Première collection cutlery trays can be customised with dividers that simplify storage and with additional accessories such as chopping boards, knife-racks and cling-film holders. On the other hand, the varnished wood inserts come with a set of elastic dividers that make organising storage inside jumbo drawers a lot easier.

Wall Waiter — *Design García Cumini*

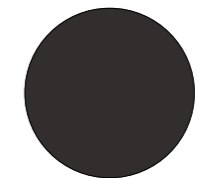

Wall Waiter è un innovativo modulo polifunzionale. Contiene e organizza molti oggetti della cucina. Il frontale a ribalta lo trasforma in un piano d'appoggio supplementare mentre la luce led integrata illumina sia il piano che gli accessori più utilizzati. I moduli possono vivere singolarmente, in linea o in colonna, per una massima progettualità.

Wall Waiter is an innovative multi-functional module that can hold and organise many of the objects used in the kitchen. The pull-down front becomes an extra shelf while the integrated led light illuminates the worktop and the accessories used most frequently. The modules can be used on their own, in a line or one on top of the other for utmost planning freedom.

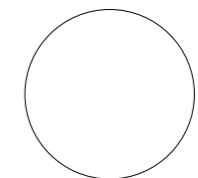

Wall Waiter est un innovant module polyfonctionnel. Il permet de ranger et d'organiser de nombreux objets de la cuisine. Quand on ouvre la façade abattante, celle-ci se transforme en un plan de dépose supplémentaire alors que l'éclairage à leds incorporé illumine le plan de travail et les accessoires les plus utilisés. Les modules peuvent s'installer individuellement, s'aligner ou se superposer et offrent une liberté d'agencement maximale.
